

CARLOS ÁLVAREZ-DARDET DÍAZ
University of Alicante

PETC Founder

Position

Professor of Public Health

Director Observatory of Public Policies and Health

Editor in chief of gaceta sanitaria (<http://gacetasanitaria.elsevier.es/> Journal of the Spanish public health and health management association (SESPAS))

Professor Alvarez-Dardet was married for 28 years to Concha Colomer, another ETC PPHP founder, and did a lot of things together among them having a child (Marina) and writing a book ([Health Promotion and Social Change](#)). Professor Alvarez-Dardet is a public health person with special interests in the relation of policies, both corporate and public, and the health of populations. He served the European Association for Public health (EUPHA) as president in the 90s and was editor in chief of the Journal of Epidemiology and Community Health from 1998 to 2008. He developed the notion of political epidemiology to learn how governments and public agencies shape our health.

Research area's

Social and political determinants of health, global health.
