

The New Science of **MEMTRONICS** meeting on biology and physics

Charting common ground in Biology, Physics & Mathematics

Focal points:

Modeling in Biology

Exploring novel electronic circuits with memory, learning and adaptation

Contacts:

fjiborra@cnb.csic.es

lutken@fys.uio.no

jdj@ua.es

Venue:

Casa "Alberto Sols", Sax

February 23-26, 2012
